

## Report of Spending of the Sport Funding – 2019-2020

### Total annual funding for 2019/20 - £19630

The planned use of the PE and school sport funding at Ladybarn Primary School will be extremely effective in improving and sustaining high quality PE and sports provision.

It will be used to fund a range of opportunities: primarily the funding of a high calibre sports coach, who will support staff with the provision of excellent PE lessons. The sports coach will continue to support all year groups, with new staff having specific focused support. This will ensure a strategic programme of developing the quality of teaching and access to sport. This has been a successful way to develop staff competence in teaching physical education. The sports coach uses a graduated teaching support plan whereby as staff confidence and competence grows, he allows the class teacher to take more of a lead role in the lesson. This is a really effective model of professional development and ensures staff are confident to deliver high-quality sports instruction. Feedback from all staff involved has been positive.

During lunchtimes our lead sports coach will continue to deliver an extensive menu of sporting activities. This will be reviewed termly. This model has worked well in the previous academic year where the children were really enthused by this and were all engaged in the range of activities available. Along with our pastoral lead, he has trained a group of year 6 children who will help facilitate this. Their training has included the ability to understand how to co-operate and respond to rules positively.

After school, the sports coach and the P.E coordinator will ensure there is a range of exciting sports opportunities available, where specific children can be targeted. These pupils will be identified by the teachers and then in turn support the quality of access for these pupils to the weekly PE lessons.

An annual trust event will be financed to allow the occasion for Gifted and Talented pupils to compete in an Olympic style event -the sports coach supports pupils' access to this as well as helps organise/ run it. In addition, the sports coach helps to organise the sports day. This has been really successful in previous years. In addition, he has supported the school in ordering the appropriate resources and tailoring the curriculum to meet the children's needs; this will ensure PE lessons are of higher quality.

Each year there will also be money spent on priorities linked to our school improvement plan identified and implemented by our PE subject leader as we strive to deliver outstanding provision in PE and sport. The sustainability of our improvements will be assured by the regular release of the PE subject leader to provide training and support for staff alongside monitoring provision.

This year we are continuing to access local school competitions, and have organised a half termly girls' tournament. We also run a half termly mile competition for all children in the school and we have a Trust termly competition at a local park. The coaches facilitating the access to competition enables the pupils to develop their competitive skills, and their resilience and determination can be fostered. The Year 3 will also be studying Taekwondo as part of their curriculum - this project has been funded by Manchester City Council.

This year the priorities are:

- The number of children accessing competitive sport through trust and wider competitions increases
- The number of children not yet able to run a mile decreases
- The number of children at expected or exceeding in P.E
- All staff, with particular focus on new staff, are confident in delivering games and gym lessons
- Children's attitudes towards physical activity and sport improves.

## Impact to be measured through:

- Percentage of children accessing a sports club
- Percentage of children participating in competitive sport
- Percentage of pupils at (at least) expected with regards to end of year expectations
- Observations showing an improvement in lesson access and quality of child's performance, particular focus on the mile run and laps of school for younger pupils
- Children reporting improved attitude towards sport/PE/competition, focus being on girls in particular

	Ladybarn	% of budget
<b>Income Allocation</b>	<b>£19,630</b>	
<b>Expenditure</b>		
PE Association competition entry costs	£1,080	5.5%
Travel to competitions	£1,500	7.6%
KS2 Olympics	£340	1.7%
Sports coaches – contribution to cost	£15,814 – school sports coach	80.5%
	£896 towards – Lunchtime girls sports coach	4.5%

## Review of impact 2018-19

### 1. The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles

- Sports coach delivering consistently good outdoor games and fundamental skills sessions
- Every child involved in running 1 mile 3 times each week, with improvements in the amount of children overall who were able to complete the mile.
- Competed in the KS1/2 Trust Olympics and had medal winners (see achievements below).
- Joined in wider range of physical activity events such as Parrs Wood High School’s which demonstrated the pupil’s ability in their confidence of participating in sport with unfamiliar people, holding their own.
- End of year assessments in PE show high % of children – at expected or better
- Observation of PE lessons show improvements in teaching quality and precision.
- Pupil Voice showed that lunchtimes were popular and that they felt safe. Also Pupil voice raised the desire for additional competition opportunities.
- The Year 4s have now completed their time swimming, 85% achieved their 25 metres
- The sports coach has successfully integrated growth mindset language in to lessons
- Children have enjoyed personal challenges
- During sports week, classes completed team challenges eg. Mile running and daily mindfulness activities
- Sports day was a great success and children were competitive and resilient
- Teams have faced competitions with perseverance and correct mindset whether they have won or lost.
- 37 girls have taken part in competitions either city wide or trust wide (26 girls took part last year)
- 84 Girls have accessed sports clubs compared to 70 the previous year.
- 85% of the Year 4 cohort can swim 25m and 56% were able to meet their target to perform a range of recognised strokes, which is an increase from the previous year.

### Sports Competition Report 2018/2019

Competition	Date and Venue	Result
Cross Country Competition	Wythenshawe Athletics Park	All 5 boys Finished in the top 20 out of 150 Boys. 2 Boys finished in the Top 10. 1 Boy finished 2 <sup>nd</sup> in the Greater Manchester Final.

Basketball	Newall Green High School	Finished 3 <sup>rd</sup> in group. Narrowly missing out on qualification for the later stages of the regional comp.
Cricket	Ladybarn Primary School	Lost to Green End Primary by 10 runs.
Girls Football Friendly	Ladybarn Primary School	Hard fought contest but the game ended in a draw.
Mile Run	Cringle Park	Finished in the top 6 in each of the year groups. Year 2 and year 5 finished 1 <sup>st</sup> and 2 <sup>nd</sup> place.
Football Competition	Green End Primary School	Finished 2 <sup>nd</sup> . Losing in the finals by a penalty shootout.

## Year 6 Swimming Competency

Children at Ladybarn Primary School attend swimming lessons within Year 4 at Hough End Swimming Baths. The information below relates to our current Year 6 cohort from their time in these lessons.

Percentage of pupils within our year 6 cohort that can do each of the following:

- 1) Swim competently, confidently and proficiently over a distance of at least 25 metres, 46 out of 62 = 74%
- 2) Use a range of strokes effectively, 44 out of 62 = 71%
- 3) Perform safe self-rescue in different water-based situations, 44 out of 62 = 71%
